### Affordable owner-occupied homes

Rotterdam City Council wants to encourage the creation of affordable owner-occupied homes. 39 homes in The West Blake with a purchase price below € 390,000 have been designated as affordable homes by us in consultation with the City Council. There are a number of rules attached to buying these apartments.

1. There is a self-occupancy obligation for the property: the intention is that you yourself (or first-degree relatives of yours as the buyer, by blood or marriage, e.g. your child) will occupy the apartment as their main residence  
2. The property can only be sold with the permission of the City Council within the first five years after you become the owner. Permission will be given for the following reasons:

- change of buyer's employment on the basis of which relocation is reasonably required;
- death of buyer or buyer's spouse;
- dissolution of the marriage by divorce or dissolution of the buyer's registered partnership;

- relocation necessitated by the health of the buyer or one of the buyer's family members;
  - finding a work or training place outside a radius of fifty kilometres or an hour's travel from the place of residence;
  - bankruptcy or otherwise demonstrable reduction in income, e.g. due to reduction in working hours for (one of) the buyer(s);
  - other special circumstances for which the buyer has been granted written permission by the City Council.
3. If you sell without permission, the City Council can impose a fine on you of 10% of the purchase value  
4. As the developer, we are only allowed to sell one affordable owner-occupied home per person/household
